Board: CBSE
CGPA: 7.6

CERTIFICATION

1-08-2018	Summer Internship	N.N.S Procon Pvt. Ltd.
10-06-2017	Summer Internship	QEC Construction Pvt Ltd

PROJECT

Suspension Bridge

My project is about suspension bridge in which we made a bridge using suspension and wires. In this bridge we have to give a smaller number of Pilers so that we can reduce our cost of the bridge building. It is also useful for those places where we can't assemble more pilers so we use very small number of pilers and bind this bridge with thick steel wire.

INTEREST

- Civil site engineer
- Inspection Engineer
- Quality Engineer

JOB DISCRIPTION

Site inspection for civil works which includes finishing and structure work and insure that the work as per the project specification and issued for construction and final approved drawing from authorities.
